

RICHARD SCHLECKSER

Seattle, WA | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Software professional with 7 years of coding experience and 4 AWS Associate certifications. Currently managing software integration, automation, and troubleshooting for large-scale enterprise systems at Boeing. Built and deployed AdVantage, a full-stack location-based marketplace with Django, React, PostGIS, and Stripe. Completing BS in Computer Science at Western Governors University (expected December 2026).

PROFESSIONAL EXPERIENCE

Boeing — Software Integration Engineer

Seattle, WA | 2019 – Present

- Manage end-to-end software loading, validation, and configuration processes for complex enterprise systems to ensure correct system states prior to deployment.
- Develop and maintain Python and Bash scripts to automate software deployment and configuration verification workflows, reducing manual processing time.
- Perform integration testing and advanced troubleshooting of large-scale software systems under strict operational and compliance requirements.
- Serve as technical liaison between internal engineering teams and external stakeholders to gather requirements and deliver solutions.

Various Technical Operators (Regional, MRO, Corporate) — Systems Technician

2014 – 2019

- Conducted advanced troubleshooting and maintenance on complex technical systems across multiple high-volume operational environments.
- Collaborated with teams to resolve issues and improve operational processes.

PROJECTS

AdVantage

- Designed and built a consumer marketplace application with geospatial search using GeoDjango, PostGIS, and PostgreSQL.
- Developed REST API backend with Django REST Framework and responsive React frontend with Mapbox for real-time location features.
- Integrated Stripe for payment processing and deployed the full application using modern development practices.

EDUCATION

Western Governors University — Bachelor of Science, Computer Science

Jul 2026 – Dec 2026 (expected)

Liberty University — Bachelor of Science, Interdisciplinary Studies

Mar 2026

CERTIFICATIONS

- AWS Certified Solutions Architect – Associate (2025)
- AWS Certified Developer – Associate (2025)
- AWS Certified SysOps Administrator – Associate (2025)
- AWS Certified Cloud Practitioner (2025)

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, Bash, Java, C++

Frameworks & Tools: Django REST Framework, React, GeoDjango, PostgreSQL/PostGIS, Mapbox, Stripe, Git

Cloud: AWS (EC2, S3, RDS, Lambda, VPC, IAM, CloudFormation, Route 53)

Other: REST API Development, System Integration, Automation Scripting, Troubleshooting
